Vintage Conditions

2021 was a long and consistent vintage. Not too hot, with rain at the perfect times. We picked from late February to Mid-April, and bunches were consistent and uniform with fruit quality super high.

Winemaking

Harvested in the cool, early morning to maintain optimal fruit quality and aromas, the grapes were crushed and pressed immediately to extract the purest flavours. Separate batches were fermented in stainless steel tanks to maintain the natural fresh and lively characters of the fruit.
